

32nd PTZE SYMPOSIUM ON APPLIED ELECTROMAGNETISM IN CONTEMPORARY ENGINEERING AND MEDICINE

11 - 14 June 2023
Łochów

Co-organizers:

- Polish Society of Applied Electromagnetics
- R&D Centre Netrix S.A., Lublin
- Lodz University of Technology, Faculty of Electrical, Electronic, Computer and Control Engineering
- Czestochowa University of Technology, Faculty of Electrical Engineering
- University of Agriculture in Kraków, Faculty of Production and Power Engineering,

Chairperson of the Scientific Committee:

Anna Koziarowska

Chairperson of the Organising Committee:

Mikołaj Skowron

Venue of the Conference:

Łochów Folwark
Konopnickiej 10, 07-130 Łochów
+48 515 001 069
<https://www.palacifolwarklochow.pl>

The topics of the symposium:

- Applied electromagnetism in engineering
- Applied electromagnetism in medicine and bioengineering
- Bioelectromagnetics and environmental protection
- Computational electromagnetics
- Applied electromagnetism in computer science
- Electromagnetic materials
- Medical and technical applications of tomography
- Electromagnetism in education and social policy
- Tomography

Deadlines:

- 27.03.2023 – submission of two-page digest (electronic form is preferred)
- 08.05.2023 – end of reviewing process and information on acceptance
- 29.05.2023 – payment if done by bank transfer (payment on the spot is possible)
- 11.06.2023 – conference programme (earlier available on www.ptze.pl)

Submissions:

1. Application Form (electronic form) should be sent together with two-page abstract.
2. The conference fee amounts 500 EURO* for double or triple room and 550 EURO* for single room (the number limited) – it should be transferred to the account:

PKO BP III O/Warszawa
60 1020 1097 0000 7602 0105 8536
with the note : PTZE'23 or paid on the spot
conference languages: English and Polish .

* *The conference fee does not include the costs of post-conference publications*
